ACTUARIAL EDUCATION IS OUR PRIORITY

Petr Bohumský

ACTUARIA

OUR VISION HEADLINES

WHY EDUCATION

There are not enough actuaries
for the practice

There is a lot of professionals
who are not (yet) considered
as actuaries

Actuarial science is an
intellectually challenging subject

TWO MAIN PILLARS AND THEIR CURRENT DEVELOPMENT

CORE SYLLABUS

CONTINUOUS PROFESSIONAL
DEVELOPMENT

STAKEHOLDERS ARE NOT ONLY CURRENT MEMBERS

- Actuary is anyone with scientific or technical thinking, equipped with mathematical foundations supplemented by practical actuarial subjects so that his education is sufficient for actuarial practice.
- CSpA members can receive various certificates which increase the prospects of a (good) job. The certificate should be a prerequisite for an actuarial function holder.

FORMS OF EDUCATION WE INTERMEDIATE

University studies

Seminars and conferences

Publications support

Research support
